

**Workshop on Particle Networks for Space Weather Research, Nor Amberd, Armenia,
March 31 - April 3, 2007.**

Participants:

Rainer Hippler from Institut fuer Physik Ernst-Moritz-Arndt-Universitaet Greifswald, Germany
Erwin Flueckiger from Bern University, Switzerland
Lev Dorman and Lev Pustilnik from Israel Cosmic Ray & Space Weather Center and Emilio
Segre Observatory, Israel

The workshop included:

Meeting CRD electronics group members; demonstration of new electronics to be used in the project; discussions;

Visit to Yerevan Physics Institute, CRD headquarters, electronics lab, Space education Center.
Meeting CRD students, students` short presentations.

Discussion on the possible participation in FP7 programme and on the on-line integration of data from surface and space born facilities.
